Orford announces a \$1.5 million financing

NOT FOR DISTRIBUTION TO U.S. NEWS WIRE SERVICES OR DISSEMINATION IN THE UNITED STATES

Toronto, Ontario, July 15, 2021 – Orford Mining Corp. (“Orford” or the “Company”) (TSX VENTURE: ORM) is pleased to announce a non-brokered private placement of: (i) approximately 503,000 flow-through units at an issue price of C\$0.27 per unit, and (ii) approximately 6.8 million hard dollar units at an issue price of C\$0.20 per unit. (the “Offering”), to raise gross proceeds of up to \$1,500,000 from the sale of flow-through units, hard dollar units, or any combination thereof. Each flow-through unit will consist of one common share and one-half of a common share purchase warrant, each issued on a “flow-through” basis. Each hard dollar unit will consist of one common share and one-half of a common share purchase warrant. Each whole common share purchase warrant will entitle the holder to purchase one common share of the Company for a period of three years at an exercise price of \$0.31. Alamos Gold (AGI-TSX) has confirmed that it will participate in the financing at its pro-rata level of at least 23.87%.

Orford intends to use the proceeds of the Offering to explore its exploration properties, including the Qiqavik, McClure East and Joutel Omega properties in northern Quebec and for general corporate purposes. The Qiqavik project represents a new gold discovery in the Cape Smith Belt of Northern Quebec. The McClure East and Joutel Omega properties in the Joutel area of the Abitibi greenstone belt of northern Quebec.

The Offering is anticipated to close on or before August 12, 2021, may close in tranches before that date, and is subject to the approval of the TSX Venture Exchange. The securities issued under the Offering will be subject to a hold period expiring four months plus a day from the date of closing.

Alamos is acquiring the shares for investment purposes, which will be evaluated and increased or decreased from time to time at Alamos’ discretion. About Orford Mining Corporation

Orford Mining is a gold explorer focused on highly prospective and underexplored areas of northern Quebec.

Orford's assets in the Nunavik region of northern Quebec include the Qiqavik and West Raglan projects comprising a land package totaling over 105,000 hectares in the Cape Smith Belt of northern Quebec. The Qiqavik Project hosts several new high-grade gold discoveries along a mineralized trend in excess of 40 km. The West Raglan project hosts a number of high-grade Raglan-style nickel/copper/platinum group metal discoveries along a 55 km mineralized trend. In January 2021, Orford entered into an earn-in agreement whereby Wyloo Metals can earn up to 80% of the West Raglan Project for total expenditures of \$25.0 million over 7 years.

In 2020, Orford acquired three new property positions (Over 20,000ha) in the Joutel region of the Abitibi district of northern Quebec, which hosts historical deposits such as the Eagle/Telbel, Joutel Copper, Poirier Copper, and Vezza deposits. This information from neighbouring properties is not necessarily indicative of the mineralization on Orford Mining's properties.

Orford continually seeks new gold exploration opportunities in North America.

Orford's common shares trade on the TSX Venture Exchange under the symbol **ORM**.
