**Orford announces financing of up to \$5.0 million**

***NOT FOR DISTRIBUTION TO U.S. NEWS WIRE SERVICES OR DISSEMINATION IN THE UNITED STATES***

**Toronto, Ontario, December 15, 2021 – Orford Mining Corp. (“Orford” or the “Company”) (TSX VENTURE: ORM)** is pleased to announce a non-brokered private placement of: (i) approximately 14.35 million flow-through shares at an issue price of C\$0.23 per share, and (ii) approximately 8.7 million “hard dollar” units at an issue price of C\$0.18 per unit. (the “Offering”), to raise gross proceeds of up to \$5,000,000 from the sale of flow-through units, hard dollar units, or any combination thereof. Each hard dollar unit will consist of one common share and one-half of a common share purchase warrant. Each whole common share purchase warrant will entitle the holder to purchase one common share of the Company for a period of two years at an exercise price of \$0.26. Alamos Gold (AGI-TSX) has confirmed that it will participate in the financing to at least maintain its pro-rata holding of approximately 23% of Orford’s outstanding common shares.

Orford intends to use the net proceeds from the Offering to explore its exploration properties, including the newly acquired Joutel-Eagle property, as well as its Qiqavik and Joutel Omega properties in northern Quebec, and for general corporate purposes. The South Gold Zone on the Joutel-Eagle property in the Abitibi Greenstone Belt of Northern Quebec is intended to be the focus of a winter geophysics and drilling program. The Qiqavik project represents what Orford believes is a new gold district discovery in the Cape Smith Belt of Northern Quebec. The Joutel Omega properties are in the Joutel area of the Abitibi greenstone belt of northern Quebec.

The Offering is anticipated to close in one or more tranches on or before December 31, 2021, and is subject to the approval of the TSX Venture Exchange. The securities issued under the Offering will be subject to a hold period expiring four months plus a day from the date of closing.

Alamos is acquiring the shares for investment purposes, which will be evaluated and increased or decreased from time to time at Alamos’ discretion. **About Orford Mining Corporation**

Orford Mining is a gold explorer focused on highly prospective and underexplored areas of Northern Quebec. Orford's principal assets are located in two areas the Cape Smith Belt in the Nunavik region and the Joutel region of the Abitibi district. The Qiqavik and West Raglan projects comprise a land package totaling over 105,000 hectares in the Cape Smith Belt of Northern Quebec. The Qiqavik Project hosts several new high-grade

gold discoveries along a mineralized trend in excess of 40 km. The West Raglan project hosts a number of high-grade Raglan-style nickel/copper/platinum group metal discoveries along a 50 km mineralized trend. Orford has acquired four property positions (Joutel – Eagle, McClure East, Joutel - South and Joutel – Omega) totaling 26,815 hectares in the Joutel region of the Abitibi district of northern Quebec, which hosts historical deposits such as the Eagle/Telbel, Joutel Copper, Poirier Copper, and Vezza deposits. Orford continually seeks new gold exploration opportunities in North America. Orford's common shares trade on the TSX Venture Exchange under the symbol ORM. This information from neighbouring properties is not necessarily indicative of the mineralization on Orford Mining's properties.
