Orford Mining Corporation

Notes to Condensed Interim Consolidated Financial Statements

Three and Six Months Ended June 30, 2022

(Expressed in Canadian Dollars Except As Otherwise Indicated)

1. Nature of operations and going concern

Orford Mining Corporation ("Orford") is incorporated under the *Business Corporations Act* (Ontario) and its registered office is located at 2 St. Clair Avenue West, 18th Floor in Toronto, Ontario, Canada. Orford's common shares are listed on the TSX Venture Exchange under the ticker symbol "ORM".

The unaudited condensed interim consolidated financial statements of the Corporation comprise the accounts of Orford and its wholly-owned subsidiary, Condor Precious Metals Inc. ("Condor"). Collectively, these entities are referred to as the "Corporation".

The Corporation is a mineral resource company primarily focused on the acquisition, exploration and evaluation of base and precious metal assets. The business of mining and exploring for minerals involves a high degree of risk, and there can be no assurance that planned exploration and evaluation programs will result in profitable mining operations. The recoverability of amounts shown for mineral property interests is dependent upon several factors including, but not limited to, the discovery of economically recoverable reserves, confirmation of the Corporation's interest in the underlying mineral claims, obtaining the necessary development permits, and the ability of the Corporation to obtain necessary financing to complete further exploration and evaluation or, alternatively, upon disposition of such property at a profit. Changes in future conditions could require material write-downs of the carrying values of mineral property interests and property, plant and equipment.

The accompanying unaudited condensed interim consolidated financial statements have been prepared using International Financial Reporting Standards ("IFRS") applicable to a going concern, which contemplates the realization of assets and settlement of liabilities in the normal course of business as they come due. In assessing whether the going concern assumption is appropriate, management considers all available information about the future, which is at least, but not limited to, twelve months from the end of the reporting period.

The Corporation had working capital of \$3,491,340 and an accumulated deficit of \$26,176,099 as at June 30, 2022 and incurred a net loss of \$1,273,544 for the six months then ended. Working capital included cash and cash equivalents of \$3,677,718. The Corporation is in its early stages, and as is common with similar companies, it raises financing for its exploration and evaluation activities and other commitments. These circumstances indicate the existence of material uncertainties that cast significant doubt upon the Corporation's ability to continue as a going concern and accordingly, the appropriateness of the use of IFRS applicable to a going concern. These consolidated financial statements do not reflect the adjustments to the carrying values of assets and liabilities, expenses and financial position classifications that would be necessary if the going concern assumption was not appropriate. These adjustments could be material.

The Corporation's ability to continue future operations and fund its operations is dependent on management's ability to secure additional financing in the future, which may be completed in a number of ways including, but not limited to, the issuance of equity instruments, expenditure reductions, or a combination of strategic partnerships, joint venture arrangements, royalty financing and other capital market alternatives. If management is unable to obtain new funding, the Corporation may be unable to continue its operations, and amounts realized for assets might be less than amounts reflected in these consolidated financial statements.

Commencing in March 2020, the outbreak of the novel strain of coronavirus known as "COVID19" has resulted in governments worldwide enacting emergency measures to combat the spread of the virus. These measures, which include the implementation of travel bans, self-imposed quarantine periods and social distancing, have caused material disruption to businesses globally resulting in an economic slowdown. Global equity markets have experienced significant volatility and weakness. Governments and central banks have reacted with significant monetary and fiscal interventions designed to stabilize economic conditions. The duration and impact of the COVID19 pandemic is unknown at this time, as is the efficacy of the government and central bank interventions. It is not possible to reliably estimate the length and severity of these developments and the impact on the financial results and condition of the Corporation.

2. Basis of Presentation and Accounting Policies

Statement of Compliance

These unaudited condensed interim consolidated financial statements have been prepared in accordance with IFRS as issued by the International Accounting Standards Board ("IASB") applicable to the preparation of interim financial statements, including IAS 34, Interim Financial Reporting. The unaudited condensed interim consolidated financial statements should be read in conjunction with the Corporation's audited annual financial statements for the years ended December 31, 2021 and 2020.

The unaudited condensed interim consolidated interim financial statements were authorized for publication by the Board of Directors on August 23, 2022.

Basis of preparation

The accounting policies followed in these unaudited condensed interim consolidated financial statements are consistent with those applied and disclosed in the Corporation's audited annual consolidated financial statements for the years ended December 31, 2021 and 2020.

Accounting standards effective for future periods

There are no IFRS or IFRIC interpretations that are not yet in effect that are currently expected to have a material impact on the Corporation.

6. Mineral Property Interest and Exploration and Evaluation Expenditure (continued)

West Raglan property

On January 19, 2021, the Corporation reached a definitive agreement with Wyloo Metals Pty Ltd (Wyloo Metals) for a \$25 million earn-in and joint venture over Orford's 100% owned West Raglan property (the Property) in Nunavik, Quebec. The negotiated terms allow Wyloo Metals to earn up to 80% of the Property for total expenditures of \$25 million over 7 years, as follows:

- On or before the 4th anniversary Wyloo Metals may elect to incur aggregate expenditures of \$6 million to earn a 51% undivided interest in the Property and form a joint venture (JV). This includes minimum committed expenditures of \$1 million during the 1st year of the agreement;
- On or before the 5th anniversary Wyloo Metals may elect to incur aggregate expenditures of \$11 million to earn a 70% undivided interest in the JV;
- On or before the 6th anniversary Wyloo Metals may elect to incur aggregate expenditures of \$17 million to earn a 75% undivided interest in the JV;
- On or before the 7th anniversary Wyloo Metals may elect to incur aggregate expenditures of \$25 million make a \$1.5 million cash payment to Orford, and complete a feasibility study to earn an 80% undivided interest in the JV; and
- Upon completion of the earn-in period Orford may pro-rata contribute (20%) to maintain its interest in the JV or dilute down to a 2% net smelter return royalty (NSR).

In connection with this agreement, Orford will act as operator and Wyloo Metals has agreed to advance funds to Orford to incur approved expenditures on the Property. As at June 30, 2022, Wyloo Metals has funded approximately \$2.8 million towards eligible expenditures. As at June 30, 2022, the Corporation held \$119,935 of cash (note 3) and recorded a liability to spend Wyloo Metals funds of \$275,523.

Joutel Eagle property

On November 30, 2021, the Corporation announced that it entered into a definitive agreement with Globex Mining Enterprises Inc. ("Globex") to acquire its 50 square km, 191 claim property position in the Joutel region of the Quebec Abitibi, the Joutel Eagle Property.

The agreement between Orford and Globex includes both work commitments and cash/share payments over five years for Orford to earn 100% undivided legal and beneficial interest in the Globex properties.

Orford made a firm commitment to spend \$200,000 on the property before the first anniversary date of the agreement and a firm commitment of \$325,000 before the second anniversary date of the agreement. Years three, four and five work commitments are \$350,000, \$650,000 and \$1,250,000 respectively by the end of each of those years. The total work commitment of all five years is \$2,775,000, with more than half that amount in the last two years of the option.

6. Mineral Property Interest and Exploration and Evaluation Expenditure (continued)

Joutel Eagle property (continued)

Orford made a firm commitment to make a payment upon signing of \$225,000 (issued 632,023 shares valued at \$112,500 and paid cash of \$112,500) and a further payment of \$200,000 on the first anniversary date of the agreement (all cash payments can be made one half in cash and, at Orford's discretion, one half in common shares of Orford. If Orford elects to continue the option at the start of years three, four and five, then cash payments of \$250,000, \$350,000, and \$350,000 respectively would be due (half cash, half shares as per above). The total in cash to be paid to Globex by Orford to earn 100% undivided legal and beneficial interest in the Globex Joutel properties would be \$1,625,000 (half cash, half shares as per above). Any issuance of shares with respect to the payments described above is subject to the approval of the TSX Venture Exchange.

Upon exercise of the option by Orford, Globex's interest in the Property shall be automatically extinguished and converted to a 3.5% Gross Metal Royalty (GMR). Orford shall retain the right and option, at any time, to purchase 1.5% of this GMR for \$2 million and will retain a first right of refusal on the sale, transfer, assignment or other disposition of all or any part of the remaining GMR.

7. Asset Retirement Obligation

The asset retirement obligation represents the legal and contractual obligation associated with the eventual closure and reclamation of the Corporation's exploration camp at the West Raglan and Qiqavik projects. The obligation consists of costs associated with reclamation, environmental monitoring, and the removal of tangible assets. As at June 30, 2022, the carrying value of the asset retirement obligation represents the net present value of the estimated undiscounted cash flows required to settle the environmental obligations, which total \$500,000 (December 31, 2021 - \$500,000), using an average discount rate of 0.6% (December 31, 2021 - 0.6%).

An employment agreement between the executive team and the Corporation contains a termination without cause provision. Assuming that all members of the executive team had been terminated without cause on June 30, 2022, the total amounts payable to the executive team in respect of severance would have totaled \$337,500.

As at June 30, 2022, Alamos Gold Inc. is the holder of 34,128,335 common shares representing a 23% of the Corporation's outstanding shares.

13. Segmented information

The Corporation operates in one reportable business segment which is the exploration and evaluation of mineral properties.

14. Commitments and contingencies

The Corporation entered into flow-through financing agreements with subscribers in 2012 which committed the Corporation to incur Canadian Exploration Expenses ("CEE") before specific deadlines. The Corporation incurred CEE in excess of its commitments within the specified time period.

Uncertainties exist with respect to the interpretation of tax regulations. The determination of whether expenditures qualify for Canadian exploration expenses requires significant judgment involving complex technical matters. There is a risk that the Corporation's historical tax returns could be reassessed resulting in reduced flow-through renunciations to subscribers.

See note 6 "Joutel Eagle property".

15. Subsequent event

On August 8, 2022, the Company closed a non-brokered private placement consisting of 15,238,095 flow-through units at an issue price of \$0.1575 per unit for aggregate gross proceeds of \$2,400,000. Each flow through unit consisted of one common share and one-half of a common share purchase warrant. Each whole common share purchase warrant will entitle the holder to purchase one common share of the Company for a period of two years at an exercise price of \$0.13.

Finders received compensation in respect of a portion of the financing consisting of an aggregate of \$31,034 in cash and 242,618 non-transferable finder's warrants. Each finder's warrant entitles the holder to purchase one common share of the Company for a period of two years at an exercise price of \$0.13. The securities issued under the Offering will be subject to a hold period expiring four months plus a day from the date of closing.
